

Have your children's birthday party with us!

We offer a variety of fun dance party packages to make each party memorable for every birthday child. You just bring the cake & juice boxes and we throw the party!

Each party is scheduled for approximately for one hour and forty-five minutes. You and your child select your dance theme prior to the birthday party. Themes to choose from are "Prima Ballerina", "Hip Hop Diva" or "Jazz Queen". Your party will include a structured 45 minute dance class that consists of warm-up and a choreographed dance routine. Once the dance routine is complete your children will have the opportunity to raid our costume trunks for a special performance where we welcome photographs and video taping. Face painting and games are available at your request (no extra charge).

We also provide all dance themed paper products (napkins, plates and forks). You bring the cake and juice boxes and the kids of course!
